SCINTILLA

design Giovanni Barbato 2019

Model SP G_CE

Scintilla has a classic, timeless shape. The LED light source illuminates the curved silhouette, creating effects of light and emotion thanks to the full bottom of the glass. The transparent crystal combined with the five possible finishes of the frame, copper, matt and glossy bronze, gold, charcoal grey, creates a combination of sophisticated elegance. The collection has been enriched with a new suspension model with a larger diffuser.
